

Transcript Fees

27 responses

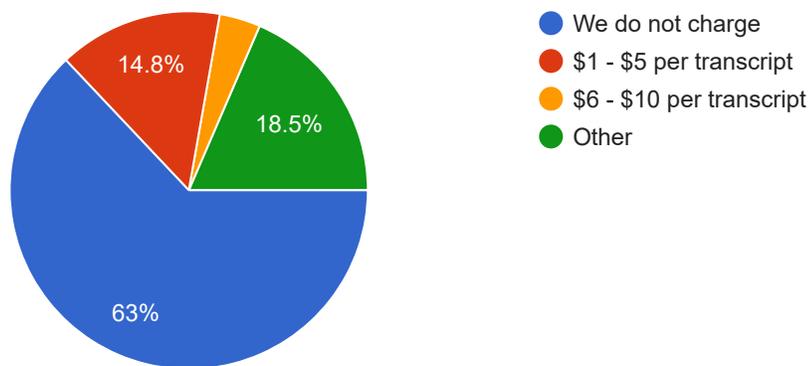

How much do you charge for your alumni transcript requests?

27 responses

What is your pricing system for current student transcript requests?

27 responses

If your "other" requires additional explanation, please fill me in! Thanks!

10 responses

We charge all Seniors a one-time \$5 transcript fee.

For alumni transcripts, we use Parchment to process the requests.

We use Parchment for alumni transcripts. The fee goes to them not us.

We charge our current students a \$5 flat fee for all transcript requests. We make this amount part of there school fees. This amount covers the cost for any future requests they need after graduation.

If a student is using Parchment, we do not charge. If the student needs a paper copy, we charge \$5. The one exception is for students entering military service; those are free and given directly (after a release is signed) to the recruiter.

Alumni Transcripts are processed electronically through Parchment. Part of the service fee goes to Parchment the other to us as a school.

We have periods when current students can send FREE transcripts. This is to encourage early admission deadlines and completion of college applications. We have also contracted with Parchment and they charge and submit checks to the school quarterly. Their price varies based on time and location.

\$1 in person, free on-line (via Parchment)

We use parchment so currently enrolled students do not have to pay for transcripts. Graduates have to pay \$3.25 per transcript and we charge \$5 for paper transcripts to graduate students.

We use Parchment
