We may go back to Xello. Maia Learning in July.	No	track where they applied. We track where they PLAN to go through signing day and their final transcript request. Libertyville HS	Edocs	Naviance	WE are a long time Naviance user, but we are increasingly frustrated. Its hard to place the blame on Naviance, since we are equally frustrated with the colleges. Our application process changes year to year to check up with all the changes. WE will again be doing a full review of alternative options I think naviance works well. Not only does it have the research component but also	Yes	Through Naviance. At the end of the year we have a senior week where we celebrate their decisions and collect and verify their data. Glenbard West	Edocs	Naviance	allows for goal setting, Not very happy, but I think that's because our district has rolled out several new IT systems in a very short amount of time and I hesitate to invest a lot of time into learning it. Personally, I	Yes	They self report on a Naviance survey as a grad requirement. Informally! As far as I know, we have not yet figured out the best way to collect this data, but I know it is a big concern with senior leadership. Currently I think they use final transcript requests	Jeremiah Wiencek - jeremiah_wiencek@glebard.org, 630-942-7490

Maine East High School	Parchment	Naviance, YouScience, and Pathway Manager	We just started using YouScience (career and aptitude assessment program) and Pathway Manager (Career portfolio and Career Cluster program) this year, so we are still learning about it.		Parchment for applied (for transcripts), where they got accepted and attend is a senior survey at the end of the year	Michael Wartick mwartick@maine207.org 703-795-7278
Thornton Fractional North High School	Parchment	Career Cruising or Xello	We have been very satisfied with both. Xello requires a structured plan to maximize all that it has for students. We just started using Naviance but only received transcript training on the first day Institute. It is very complicated and will take a while to learn--we are doing it on our own without extra training. Once we know how to set it up to do what we want it to do and know how to use it, I believe it will be		we track with where we have sent transcripts. Wheaton North	Edocs	Naviance	Naviance is very limited after junior year and we are not enjoying the new layout. Yes, but there are a lot of small steps that our staff have to do to send them. Downers Grove South HS	Parchment for Alumni only - Edocs for current students	Naviance	Really tired of Naviance. Poor customer service and roll out of new features.	Yes	Monitored out of college and career center. Counselors also run admission and application reports from Naviance. Our goal is every student has a post-secondary plan. We haven't achieved it yet - but we keep working on it.	Vince Walsh-Rock - 630-795-8505

Glenbard North High School	Edocs	We also use Career Cruising occasionally	We use Naviance for all of our curriculum and are satisfied. I think the Career Cruising interface is actually a little easier to use.	Yes	Through Naviance- you can run reports to get all of this information. We issue a senior survey at the end of the year (May) through Naviance, which essentially forces the students to provide this information to us. They can't pick up their graduation tickets unless they complete the survey.	Colleen Joyce; colleen_joyce@glenbard.org; 630-681-3121

Batavia High School	Edocs	Naviance	Overall, we are happy with Naviance and eDocs. Naviance revamped its interface this past summer, and although there are still some kinks being worked out with the revamped site, we are overall happy with its outcome. We have never had problems using eDocs either.	Yes	Students list the colleges they have applied to in Naviance along with those they get accepted to. Our final list of colleges that students attend is gathered in the online senior exit survey completed at the end of the school year. Each student lists where they are attending and we use this list to send out final transcripts.	Corey Bernard, Batavia High School, corey.bernard@bps101.net, 630-937-8927
Woodstock High School	Whatever the students sends us - Parchment, SendEDU, etc.	Career Cruising or Xello	I really like Career Cruising, but fear we will be forced to change to Naviance.		We have a paper form where we record where we have sent each student's transcript. We don't have a database for where they have applied or been accepted. Our end of year Senior Survey tells us where to send their Final Transcript - we assume this is the school they will attend.

Reavis High School	Edocs	Naviance	Mixed reviews on Naviance. My biggest gripes are the lack of functionality with some features (hopefully improved with Naviance Student) and the fact that there is no counselor notification component, it's all buried in Application Manager. This was discussed at HSI so hopefully something they are working on for next year. This is our second year and we opted not to link with Common App because at least Common App has an easy-to-read dashboard and sends notification emails to counselors when tasks need to be completed.	No	We ask students to self-report, counselors will update when students notify us, and the senior survey at the end of the year.	lodonnell@d220.org
Saint Ignatius College Prep	Edocs	Naviance	Very happy....solid online tools and assessments.	No	Through Naviance...we use a Graduate Survey to collect the final info.	Kurt Schmidt kurt.schmidt@ignatius.org 312-432-8352
Wheaton Warrenville South	Edocs	Naviance	Recently, not very satisfied. Format change does not seem intuitive, tech issues taking a long time to get resolved.	Yes	On Naviance through a senior survey.
