

## DOCSSSC Survey Results Regarding Transcript Notations May 2020

Your Name	Your School or District	How does your school or district plan to address transcript notations regarding ISBE's guidance: "If modified grading criteria were used due to the suspension of in-person instruction, the details should be noted clearly on the transcript." Please describe any notation you plan to use for the Class of 2020 transcripts	If your notation will be different for students in grades 9-11, please describe here
Scott Leverentz	Community High School District 117	CHSD 117 changed graduation requirements and general grading practices consistent with the Illinois State Board of Education COVID -19 recommendations and Gubernatorial Disaster Proclamation.	TBD
Greg Stilling	Vernon Hills HS	We do not consider remote learning (or elearning) to be modified grading. We will continue on with traditional grading.	
Michael Wartick	Maine Township District 207-Maine East HS	We are using a "P" for Pass or "NG" for No Grade and in some cases giving credit and in other cases not giving credit. It is still being fleshed out, but we've landed on that. So there could be 4 scenarios depending on the specific class, the ISBE guidance, and specifics to our district curriculum (P with credit, P with no credit, NG with credit, NG without credit)	Still TBD
Amy Bricker	District 113/ Deerfield High School	We are going to keep the course on the transcript and use a NA or X with a notation that this is due to COVID-19. Still working out the details.	We are only using this for seniors based on ISBE Guidelines.
Terrie Boivin	Subbing for Aurora Central Catholic and Gower District 62	Not sure	
Colleen Joyce-Guzman	Glenbard District #87	We are following these grading parameters: Students who earn a 5 (A), 4 (B), 3(C) will have that shown on their transcript and it will impact their GPA. Students who earn below a 3 (C) will have a "P" for Pass on their transcript. This will not impact their grade.	All 9-12 students will follow the laid out grading policy. We will not fail any students this semester, but our Principal may issue a small portion of "No Grades" for severe non-engagers who were already failing before remote learning began.
Larissa Zelisko	Westmont High School	Modified grading criteria were used due to the suspension of in-person instruction during the 2nd semester of 2019-2020. Grades entered after March 13, 2020 could "do no harm"; yet, grades entered after the aforementioned date, could improve a student's overall grade.	Same notation for all 9-12 grade students
Kathryn Meader	Stagg High School	This is still of consideration in my district. Do you have examples you could share with me? kmeader@d230.org	
Erin Hack	BPS101	We don't have a plan for this yet, it is in the works.
